## Customer Reviews

Wasn't really what I was looking for. I wanted a book that would give some ideas for wreaths to use on the cemetery but there was only a few ideas that would work.

This book is vivid with full illustrations on each page. It has a getting started section that teaches you about using natural plant materials, color and style, and making the bases for the wreaths. The subsequent chapters give step by step instructions on how to make wreaths for various occasions, such as weddings and baptisms, seasonal wreaths for spring, summer, fall, and winter, and holiday wreaths for Easter, Thanksgiving, Halloween, and Christmas. I have found this book to be delightful to use and a great resource for those who are making wreaths for the first time.
