## Customer Reviews

I got this for my nephew for his baptism, and it is way thicker than I thought it would be! Excellent artwork, all "the hits" of the bible I remember from growing up, and an excellent supplement to his "Jesus Loves Me" night time book. He loves it, and I can't wait to re-read all the stories again myself!

Tells the stories of the Bible in simple language that even the little ones can understand! I bought two: one for my three-year-old granddaughter and one for my house. I call her on FaceTime and switch my screen to show the pages of the book and read to her while she follows along on hers. Kids love repetition and familiarity. I read her the same stories again and again--she has memorized the order of the stories and loves the friendly cartoon illustrations. A real winner for a grandparent gift!

I received this bible as a gift when I was 6 years old, and kept it for my children. When my niece was born and my husband and I were asked to be her godparents, we knew this would be the perfect gift! A few changes have been made (mostly to illustrations, not text) compared to the 1991 version I had, but it's still the same basic bible as mine. It's not appropriate for babies, but it'll act as both a keepsake and a usable bible when she's a toddler and child.

My 3 year old loves the stories in this book and will sit for almost an hour as we read through them. The pictures are bright and intriguing, the stories are easy to read and listen to, and there are lots of great stories. So glad we bought this bible!

Book came in excellent condition. My 2-yr old loves it! So excited to read bible stories daily. The pictures are great and will catch the attention of toddlers, which is sometimes a challenge. I have not been through the entire book yet, but so far it's solid.

Just like the Beginner Bible I had growing up! Really keeps my 4 years olds attention. She loves looking at the pictures that go along with the sermon on Sunday. It has much more content than your run of the mill story Bible (includes stories on Pau ect. that most children's Bibles gloss over).

This is a really good children's bible. I love the way it is set up. I am disappointed that two of the pages are ripped. :(

Good starter Bible for little ones to bring to Sunday School with them. I like giving as a Baby Shower gift!
