Auditing Cases: An Interactive Learning Approach (6th Edition)

Synopsis

Auditing Cases: An Interactive Learning Approach is intended for use in undergraduate and graduate Auditing, Professional Research Case, or capstone courses. Step through real auditing cases one by one in this comprehensive text. **Auditing Cases** is a comprehensive case book that focuses on each of the major activities performed during an audit. Most of the auditing cases are based on actual companies, and a number address financial reporting fraud. The unique active learning approach helps students learn to think critically and develop their interpersonal skills, which are increasingly important in the workplace. **Teaching and Learning Experience** To provide a better teaching and learning experience, **Auditing Cases** for both instructors and students, this program will:

- Engage Students with an Active Learning Approach:** The auditing cases capture students' interest using lively narrative that introduces emerging accounting-related issues.
- Easily Integrate Cases into your Course:** The Instructor's Resource Manual offers instructional approaches, activity ideas, and group assignments to merge the cases into an existing course.
- Help Students See Concepts in Action:** Cases are introduced according to the phase of auditing they demonstrate, presenting students with clear examples of the material.

Customer Reviews

The price is right and it's simple to read. There is not really that much to say about it. It's a good book and the price is right. There are many ways for things to go wrong in Accounting textbooks (and I know, because I've read enough bad Accounting books) that I can't really think of ways in which to praise an Accounting textbook that goes *right*. Verdict: Worth the price (\$21, compared to \$200ish for most Accounting books). Worth the time. Recommended.

The book is easy to read however, there are no suggested answer or solution for the questions in the book, this is a disappointment for me. I send a request for assistance on Pearson higher education website requesting suggested answers or solution, Will let you know what happen

Very Good Book

The emptiness in my soul has been filled by this book.

The book was fine, but the rental they I got was completely falling apart. The spine was pretty much disintegrated. It was very hard to study with.

Great cases to work on and learn.

Really marked up but otherwise great!

This textbook came in perfect condition
