I got this book for my son - we are trying to introduce him to a new hobby and he seems to have an aptitude for cooking/baking so it seemed natural to get him a betty crocker book!Ever since he received his book (it arrived FAST!) he has been pouring over it - looking at all the recipes, he's having a hard time deciding what to try first!From my end - i love how clear and detailed the instructions are, also that there are a variety of "recipes" that range from "I don't know how to bake" to "i won a bake off this year" skill level!

This is a great cookbook for cookies and the like. It has recipes for many different cookies and bars of all flavors, from simple to gift-giving and contest-winning. If you need a book for making cookies for all occasions, this is it.

I love this book.

Love it.

Great

Perfect quality. Tons of different recipes and every page is something complelty different and for different holidays which I was pleased with that. I would definatley recommend this is your wanting different ideas for cookies and brownies .

Betty Crocker has been a part of my family for generations. These books are perfect to add to your collection. I own all the Big books and the Big red book and love them. They are great for adding variation to your weekly menu or sticking to the favorites you love. One thing I love about these books is they give you examples of the right and wrong way of doing things. They also explain what goes wrong in the examples.

Love the pictures of the finished product and easy to follow recipes ! Even had seasonal cookies recipes which was a pleasant surprise !
