Goliath Must Fall: Winning The Battle Against Your Giants

Synopsis

How do we overcome those battles in our lives that we always seem to be fighting? It is not God's plan for you to live with some big giant standing in the middle of your life demoralizing you day after day after day and diminishing God's glory, robbing God's glory in your life. It's never been more important that we understand that our freedom and God's glory are forever interwoven into one story. God does want us to live free. He wants us to recognize that He's already killed the giant. We all have giants in our lives that creep in and take over. Giants like rejection, anxiety, fear, anger, and addiction. These adversaries establish a foothold, and before we know it we are tolerating something that is diminishing the glory of God in our lives and holding us back from the freedom that Jesus intends for us. So how do we break out of these patterns once and for all? Put aside what you may think about the classic David vs. Goliath story. In *Goliath Must Fall*, Giglio shows us how to dwell on the size of our God, not the height of our giants. Once we understand the source of our giants, we can ensure that whatever our affliction is, it can, will, and must fall down with the power of Jesus.

"Louie walks us toward the road to redemption through godly wisdom and relatable transparency. He doesn't just help us conquer the Goliaths in our life; he shares his own. This book offers freedom for anyone who is willing to face their giants." — Lecrae Grammy-award winning artist, songwriter and producer "The story of David and Goliath has always intrigued me. It's a story you can read over and over again and pick up a different message each time. I've

looked up to Louie for a long time, so when I heard he was writing a book on defeating the giants in your life I couldn't wait to hear his perspective. I had a major giant in my life called fear. If you are battling that same giant then Goliath Must Fall is a must read."Sadie RobertsonAuthor, Speaker, Actor and Founder of Live Original"God has created us for his purpose and joy, but often the choices we make rob us of the freedom found in relationship with Him and in community. Louie Giglio identifies the giants in our lives that can stifle us and gently invites us to listen to the voice of the Shepherd, who "sets our hearts free." There was something about the title of this book, "Goliath Must Fall" that grabbed my attention as a book I must read. I questioned the word "must", after all, Goliath did fall, but why "must" he? I began the book with my own opinion of who my Goliath was and what needed to be done to make him fall. After Louie's explanation of who and what our giants are made of, I realized that I was wrong. The Goliath that I thought was my own turned out to be a symptom of many other giants that have been holding sway in my life. Fear, anger, control and even comfort have their hold on me. It took reading this book, with Louie's examples of situations for me to be able to see my giants with new eyes. His explanation that David was Jesus also showed me who had slayed my giants at the cross, that my thoughts and actions were what were still propping them up and that it was past time for me to finally let them fall. Louie gives a suggestion of some actions to take over a 40 day period which will help. I've read that it takes at least 30 day period to create a habit (good or bad). The number 40 is such a Biblical number and, in appropriate in this instance for the days that Goliath taunted the Israelites. I intend to follow this suggestion to break down my habits that are keeping these giants on their feet. This is a book that I will turn to again and again as I am sure that my giants will try to get their footings in my life once more. While the book describes events in the pastor's and others lives, the ultimate direction it always points to is Christ, the giant slayer, all-sufficient and victorious. Because of Him, indeed, Goliath must fall.

Louie Giglio has a way of making Truth clear, vibrant and applicable. I recommend this book to anyone seeking Freedom, and who isn't?! The Giants must fall and Louie explains the way in a manner I will long remember! Loved this book!

Louie truly outdid himself with this book. This book gives great advice and tips on how to fight and win against any giant in your life, while point you to the ultimate giant slayer, Jesus! This book will bless and change the life of many for generations to come!!

I bought this book for 2 young men who are in prison. Both have said that it is well worth the "read".

Easy read and keeps you interested enough to not want to put it down.

Great book!

This book truly helps to changes lives and it even helped me re-evaluate mine. I would encourage anyone who buys this to do a chapter a day, and each day make whatever fear that must fall be your goal to make it fall.
