I was very disappointed in this rosary CD. Each mystery is simply announced, without even a brief meditation on it. A short meditation on each mystery is the least I would expect from a professionally-made rosary audio recording! What made it worse is that I have the original version of this rosary recording (on a cassette tape) and that original is my favorite rosary recording. The cassette did not have the Luminous Mysteries, as they hadn't been given to us by Pope John Paul II

yet at that time, but that recording is truly beautiful. It gives you a brief biblical meditation on each mystery, along with original song verses by choral singers. I can tell where the meditation and singing was cut out of this new CD (although they did leave in the background music during the recitation of the prayers) and it was very disappointing to me -- I felt ripped-off. Since buying this CD, I fortunately have found the original recording on CD, with the Luminous Mysteries added. It's called, simply, "The Rosary - Including the Mysteries of Light." It is from ACTA Publications. You can purchase it on Amazon and other places on the internet.. It will say "Sheldon Cohen" in the description (the producer, I guess), but the narrator is Bob Crutchfield, same as the Pray-Along Rosary CD. Bob Crutchfield has a very pleasant voice. He is reverent without being overly pious or dramatic. The Luminous Mysteries have been added on the second CD in the set, and they are narrated by a woman. If you are looking for the unabridged, beautiful original version with biblical meditations and some really nice original music, check this out. You won't be disappointed. The meditations and song verses only take a few extra minutes and I believe they help focus the mind better on the rosary and add so much to the whole experience.

I bought this Pray-Along Rosary CD based on the reviews that were written. I am happy to say that they were correct. The background music does not drown out the person reciting the prayers. The person also spoke and announced very clearly. I also bought it to play at the Independent Living and Assisted Living facilities. I played it for the first time yesterday. The feedback from the residents who attended was that it was an excellent CD for praying the Rosary. One of the attendees approached me after the Service and told me how much she enjoyed hearing all of the prayers for the first time since she started attending the Services. I am going to take the advice of many of the reviewers and put the CD in my car and play it as I am doing errands.

I've had several Rosary CDs and this is among my favorites. I use it because it helps me to keep my place and to keep my thoughts on my meditation.

I was a little disappointed in this cd. I gave it a 4 star because I can never say anything bad about the holy rosary but this rosary, I thought, is said too fast. I felt like I was being rushed thru it.

This CD is wonderful! It has all 4 of the Mysteries, including the new Luminous Mysteries. It is perfect for someone who wants to get through it thoroughly and yet quickly due to time constraints. I listen to it while I eat dinner. There is beautiful Catholic music playing in the background, as you are

saying this rosary. The narrator says the first part, then you finish the end of the prayer. It is great to use while riding in the car. I highly recommend it to anyone!

The prayers are said a bit too fast.

Love it. Very good for meditation

I was a little unsure about getting this CD but after I listened to it just once, I was hooked. The speakers are very reverant and it's like saying the rosary in a group setting. I can say the rosary every day now on my way to work. It helps me stay connected to my faith. Thank you!
