NATIONAL GEOGRAPHIC KIDS inspires young adventurers to explore the world through award-winning magazines, books, website, apps, games, toys, television series and events and is the only kids brand with a world-class scientific organization at its core.

These books are great for toddlers and preschoolers! Kids LOVE stickers and when you combine a learning with stickers, even better! I plan to buy a few more of these in different themes for both of my kids (5 and almost 3 yrs old)

Great activity book!! My 2.5 yr old loves this book. There's stickers and coloring and activities. 1 or 2 pages keeps her entertained for a long time. I like to bring it to restaurants while we are waiting for the food, this keeps her fully entertained. Great for rainy days too.

We homeschool and my 4yo son wanted some school books to do while his older siblings work on their schoolwork. I got him this, the preschool Brain Quest workbook and another sticker book. This is definitely his favorite, and my big kids want one now (it will be a reward for when they finish a subject). I love that there are so many themes to choose from, and the low price is the icing on the cake!

A cut above the usual sticker books. I bought several of the National Geographic Kids sticker books as end of year gifts for first grade students enrolled in a reading program. These books coordinate fun and learning in a very nice way. In addition to stickers and interesting facts there are mazes and other fun things to keep youngsters engaged and learning.

I was going to get this for a younger child but my nine year old daughter claimed it and LOVES it. Lots of stickers and cute animals and activities. She's hooked.

My boys (3&5) have had several of the National Geographic sticker books. They are great quality, educational, and fun. I have to help them with every page, so I can see this being a fun book for older kids, too.

This was perfect for my 4 year old as a busy book on an airplane! Fun activities and kept her entertained for hours :-)

My 6 year old granddaughter loves the pictures and the activities. She can read most of the words. She is very excited to get mail with her name on it. One book keeps her entertained until the new one arrives.
