Kyle raced motocross throughout his youth and was pursuing a career in racing. On October 1st, 2008, fate stepped in and kicked his racing career to the curb. Kyle broke his neck at the age of 18 at a Dodge Amateur National. This would halt his career in motocross but not his love for the sport. While Kyle could not race anymore, he still was very passionate about motocross and wanted to be involved in it in some way. So he decided to write a book. A kids book about motocross, to inspire tomorrow's youth to grow up loving motocross like he did. During the process of writing the book he had an illustrator that was doing a great job. Although life got in the way for him and he had to back out. So Kyle was stuck with half of a book illustrated. As fate would have it, an old friend of his was finishing school to become an illustrator and they got back in touch. The rest is history. He started from scratch illustrating the book and did a fantastic job creating many professional illustrations. Kyle is in the process of writing more books, so stay tuned! Author: Growing up I could never find any Motocross or even dirt bike books for kids. So, I decided to write a book just for kids that was all about motocross / dirt bikes & racing! I have grandchildren who race arenacross. There is no other book like this that I have found. Perfect book for both the three-year-old and the seven-year-old. I have taken off one star because a couple of the pages have too much text for the little one. Both children would appreciate more pictures. Still, this is a fantastic book for motorcycle crazy youngsters! I wish it had an ISBN so I could recommend it to the library system.

Grandson loves this book. After reading this to him a few times, he now lies on the floor and pretend reads it. Turning pages, and muttering his own story to the great illustrations. So cute at three.

Liked the animation and the sweet story...I bought as a gift for the son of a freestyle mx rider and the parents loved it!

My 3 year old LOVES it!!!!

My grandson loves it. the pages are very worn from continual use.

I really liked the book.I used to race motocross.Kyle burger I relay like your book.do you have more books.thank you.

Great read for kids. My son really enjoy reading this book. He really loves dirt bikes. Great for kids 7. Years old

I'm sorry, but this is not a very well written book. I have a husband, son & 5 grandsons & I thought it would be a fun book for them to have to read, but after I read it once I was ready to throw it away. Just terrible.
