Amelia's Destiny (Book #2): Finding My Way (Amelia Series)

Synopsis

A life of pain and abuse. Can Amelia ever escape? In *Amelia's Story*, D.G. Torrens captivated readers with the heart-wrenching story of a young girl imperilled by a tragic life of abuse. Now a teenager, seemingly free of the past, Amelia struggles to find happiness in an overwhelming world. With many obstacles placed in her path, this only serves to make her journey an arduous one. Fighting for life and for love, will the courageous young girl grab hold of her dreams and discover her destiny? Book #3 *Amelia The Mother*, is also available. "A fabulous sequel" "a must read" "A simply beautiful story" "Engrossing" | everyone should read this.

Customer Reviews

I finished Amelia's story and then immediately went straight to *Amelia's Destiny*. After her mother had all her children taken away from her she seemed to still take great pleasure in making Amelia's life miserable no matter what. Even though the state had taken away her right to have the children

she still had the say so, about where they would be moved to and such. If she had allowed Emily to go to the best place for her, her life would probably have been a lot easier. Even when Amelia leaves the home at 16 and has no where to go, her mother only lets her stay with her so she can take her money. Her mother is an evil, spiteful woman that should never have been allowed to call herself a mother. Obviously her mother is very jealous of her, as when she got the chance to do modeling work, her mother told her she could never be a model. Always put her down. Amelia, I say life's best revenge is living well. Good luck to you, and I will be looking for your new book in 2013. I highly recommend this book to all, just be sure to get Amelia's Story and read it first.

Tragic but inspiring. Sad but true. A story of how truly low we as humans can fall. There is no greater sin than those against innocent children. But the human will to survive is strong. Amelia's story is a great battle that she never asked for. No child deserves to inherit their parents problem and to be blamed for them. Inspiring the strength she had to succeed in life. It wasn't easy and I'm sure a lot of others never made it as far as she did. Truly happy for her and her family.

Amelia had many obstacles to overcome and she was resilient in making a life for herself. I often wondered why it took her so long to find her brother. To me instead of taking a few holidays a year and buying so many clothes, she could have used the finances to reach out to her brother. What about her 2 younger sisters. I enjoyed this 2nd book but felt she left some things undone.

I love books in series. Going on to book 3, looking forward to a good beach read. Wish someone proofed this. The incorrect spelling, syntax, and un-necessary long spacestake away from the story. A 5 star book must be perfectly composed. This book is only a 3.

Was glad to see how Amelia went with life on her own. She was so fortunate to meet people who willingly let her rent a room while she worked towards her dream of owning her own home..several jobs a few moves but she found it and truly had something that was hers. The fact that her mother would still belittle her and try to keep her apart from her brother was cruel and needless punishment. In the end, through several relationships, and changes in her life, she did finally connect with not only her beloved brother, but her long gone father came into her life. He wasn't meant to stay, but he did lead her to new sisters and her grandparents, which gave her great joy. I hope her life with her daughter and "he's family gives her the family she had always prayed for.

This was truly an amazing story. Some people are just made of different stuff than others. She was so determined to create her own destiny. She could have wallowed in self pity, I've seen people do it for lesser adversities. She was blessed with being a naturally smart person and in spite of her Mother telling her how worthless she was all her life, she had a built in confidence that allowed her to succeed. Without that confidence she could have no way gone after the jobs she went after and presented herself well enough to get the position on her first try. This story was well written and kept my complete attention throughout.

After having read Amelia's Story, a book that I loved, I couldn't wait to read the sequel. I have to say it is worth the waiting. I have read this lovely book in just 5 hours. I simply couldn't put it down, as simple as that. While reading it you feel as if you are sitting down with the author, having a nice chat while enjoying a nice cup of tea. The style is so down-to-earth and straightforward that you feel as if the author is just telling you about her life in a friendly, warm, and so honest way. Read this book, really, it is like talking to a friend. Amelia found herself homeless and almost penniless, so she had to make a big decision. Going back to her mother's house leads her to more decisions. Amelia is a young woman with a plan for the future. Follow her in her travel to become the independent woman she wants to be, and feel all the struggles she goes through to get her purposes in life. A book that won't leave you indifferent. Very easy to follow and read, it is the perfect read for every occasion. Beautifully written, the story evolves just effortlessly, flowing quite easily. Feel for Amelia, smile with her, cry with her, and be her companion in the difficult path to happiness.

I only decided to read this book when the first book "Amelia's Story" ended with a cliff hanger. This book was not nearly as interesting or engaging as the first. The second half of this book felt rush and obligatory...
