Great message for young children-my daughter is 8 (I even needed reminders). Helps them understand how their self-talk and choice of attitude impacts themselves and others.

This is a great book for children! It is filled with uplifting, positive affirmations that can improve their self-esteem while reminding them to be grateful and give back and to expect good things in life.

Great book for children, helping them to try more. I love Louise Hay!! thank you for writing this book for kids!!

This is a good book to use to introduce kids to how thoughts affect feelings and behaviors. Learning affirmations at a young age can really help a child to manage their internal voice and be more positive. All in all, this is a great book to teach kids about affirmations!

A very CBT like affirmation book.

My 8 year-old grand-daughter read the book in very short fashion. Her response was, "Papa, that was a really good book." I like to hear a response like that. Self-talk with positive affirmations will help your child develop and cope with different issues.

Great gift for my granddaughter

Love this book very positive message
