Customer Reviews

"The youngest of the Stormrider family is finally available. The Stormrider Surf Journal contains the recipe that created the fame and success of these books - accurate descriptions of surf spots coupled with ever more beautiful and informative pictures. This latest installment enriches the collection of these "bibles" for the surf community around the world." - surf-report.com (translated)"The Stormrider Surf Journal offers a 3 in 1 system providing real surfers with a traveling companion. The Atlas includes 300 best surfing areas in the world on a map organized by regional comparisons. The Planner offers the perfect surf destination by day and month of the year. You can then decide where to go and when. Finally, the other half of the book allows you to save your best sessions and surf trips in a logbook and a sketchbook. You are now ready to run the world in search of the best waves!" - surf-report.com (translated) "The Stormrider Surf Journal is full of tools

to help organize, track and remember all surf trips. The Atlas has detailed mapping of each region of the world, maps of the swells, ocean currents, winds and tides, etc. Above all, it offers a Travel Planner, in the style of other guides in the collection, with facts and photos for more than 200 surf zones, classified this time by month, according to their best period of operation. The Trip Log is an almanac to fill in yourself after each session (place, date, conditions, board used, the guys present etc)." - Surf Session (translated)"Finally, this book contains detailed listings to help plan out the best surf trip: a packing list so you don't forget anything before leaving, how to travel responsibly, first aid responses in case of injury, a surf-specific glossary on basic vocabulary (French, English, Indo, Spanish, Portuguese), but also ocean, animal, medical and many other translations essential to the success of your next trip. In short, it's already an essential piece of work for all trippers and it fits easily in your luggage in view of its small size (22Ãfâ15cm - 250 pages)." - Surf Session (translated)This book is really well thought out and an absolutely timeless companion. - Surfers Magazine

SURF ATLASÃ Â TRAVEL PLANNERTRIP LOG Ã Â WAVE LOGÃ Â SKETCHBOOKSURF TRAVEL ESSENTIALS

This is a really cool, small travel book for surfers. Highly recommended - - great gift item for the surfer who loves to travel, who dreams of surf travel or for that surfer who likes to annotate their sessions. High quality product, good binding, some very likeable features such as the place to enter notes about your sessions, the waves aspect with info regarding different breaks around the world & just well organized & put together.

This Atlas/Planner/Log is perfect for surfers daydreaming about a world full of waves and for the "get up and go" surfer who selects from the wealth of information that Bruce Sutherland has compiled to plan a great surf trip. The pages for writing a personal log of your surf adventures are also a definite plus for fine tuning the art of surf travel and planning future adventures. Even seasoned surf travelers can pick up a tip or two as well as leads on possible new destinations from this hands on book. Recommended for all members of the surfing community!

Very well presented journal full of amazing surf photos that instantly made me want to travel. There's so much great resource info packed into this book including maps, breakdowns on a handful of surf zones and a host of other juicy info. Then there's loads of blank pages set out for trip

logs and wave logs. Such a nice book, I'm not sure if I'll leave it at home as a coffee table reference book or take it on the road with me. I love the detail in this book.
