## Customer Reviews

I have just started reading this ebook and already feeling that wave of excitement go through me when I read something that is so simple yet so effective. Life could be so wonderfully exciting and simple if I would only follow the tips that Neville Goddard has so generously shared with us in these books! I think when I start reading his books that nothing could top the last one I read but this one is the best. It is simple. It is incredible. Read it, and change your life.

Simple sweet and soothing. Surrender to the Creator of all existence. You can go to sleep peacefully. He never sleeps nor slumber. Enjoy every single possible moment of enjoyment

I'd give this 10 stars if I could. Exquisite writing, enjoyable reading, and beautiful results. I've read it at least four times now and the effortless benefits of learning to relax keep unfolding further and further. Gorgeous book.

I enjoyed the read. Simple and insightful advice. Worth reading it if you like Neville Goddard's teachings. Will re read.

A very comforting and inspirational read. I've learned that ruminating on negative thoughts tends to lead to negative results; this book shows that the same thing happens when you choose to focus on positive thoughts/results.

Excellent. Provides Clear and simple understanding. I have studied Neville for years but now I understand it well enough to put into practice

Any book by Neville Goddard will bless you. This was another book that presented itself just when I needed it.

Tim does a great job of expounding on the teachings of Neville Goddard. Try less relax more to see the fulfillment of your desires.
