The first book in the Cremelino Prophecy series, The Path of Destiny, is a story of seeking your

identity, The Path of Decisions is a story of finding your identity. In the first book, Mike Shelton gives us a long character development story with little adventure. Fortunately, The Path of Decisions sees the characters solidifying their identities and it moves us into the adventures, intrigues, magic, and good versus evil found in a solid fantasy, adventure, sword and sorcery fiction novel. I find that the books of the Cremelino Prophecy series are teen friendly. There is definitely violence but the protagonist Darius seeks conflict resolution positively, attempting not to take lives when pushed into battle. He uses some serious tactical skills and his growing magical ability to accomplish his objectives. Darius also has the gift of uniting people. Here is more that is good for teen readers:-

The Path of Decisions is a clean story; there is no bad language and no sexual content.- Shelton encourages virtues such as bravery, integrity, honesty, loyalty, willingness to admit and seek restitution when you are wrong, and so on. There is a hitch for Christian parents- Mike Shelton definitely includes religion in this series. I'm not exactly sure where he is going with it but I would not classify it as Christian. Here are a couple of quotes: Kelln continued. "I have even found the peace of God." "You found what?" "I found out that what we are inside is what makes us who we are, Darius." Kelln continued in all seriousness. "That is the only way I can deal with everything that has happened to me." "I don't know him well. Alas, maybe that is also why I must give away my kingdom now. But there is someone out there, Richard. Someone that directs us toward good. I have felt him before, when I am doing the right thing." King Edward "I'm going to let the quotes speak for themselves but the main component of the religion and philosophy Shelton writes is that of love and doing the right thing. God is loving but that is far from His most defining characteristic. We cannot begin to understand what is right in God's eyes before we have been redeemed or saved because of Christ's sacrifice. The Bible tells us that an unbeliever cannot please God. We are wretched sinful creatures that a mighty and wrathful God has chosen to show mercy upon. This mercy is where the love of God is shown. It is through the gift of the Holy Spirit, time spent studying the word of God, fellowship with other believers, and a sincere willingness to be a disciple that the

"Someone" Shelton introduces us to in the second quote above, someone that I call God, "directs us toward good". Romans 3:10-20 As long as your teen is spiritually discerning this is a book that I believe they would enjoy. I did. I ordered this as soon as I saw it was available. I really enjoyed the first book and was anxious to get on with the story. I had a hard time putting it down. I started reading it the day it arrived. I forced

myself to quit around 1:00 a.m. to get some sleep. I finished it the next day. The story line and the character development continue to keep me captivated. My only regret is that now I have to wait for the next book to come out to see how everything plays out. I love the characters, including some of the surprises in the story development. I hope that this is not the last book or series that he writes. I am hooked.

But just can't really give it 5 stars. While it's an engaging book, mostly interesting backgrounds of the characters, the writing itself is rather sophomoric. Sometimes it feels like a teenager trying to write a story. For example, when a character is talking, the speech is a little stilted, and I just can't picture anyone talking like it in an actual conversation. If the conversations had a more natural flow to them it would improve the entire books tremendously, and I would easily rate it a 5. But, I probably would still recommend the book, the story is pretty interesting. I think the author just needs to listen to how people form ideas and actually speak.

Very good read definitely left you wanting to read the next book.

This book was easier to put down and walk away at times. A few errors in editing took me out of the story. That said, I still enjoyed the story and have read this book several times. It even helped me through the tedium of a long hospital stay. Believable characters, world creation, and situations. All in all, this series is a good read.

This book continues the story of a heart unsure with the power of the heart and was an enjoyable read. The story is developed and full of learning and discovery. I would recommend this as an entertaining weekend read.

I have been intrigued from the beginning! I love the story line and the underlying message. Anxiously awaiting volume three!

I enjoy the reading, something always going on, fast pace. The author added a lot to the ending, witch I like, most stop.thanks.
