Customer Reviews

This is a basic, simply written text with ok information on the destination, but does not go beyond this. It is not too different from information freely available on internet or at tourist offices.

I found this book is easy to read and it is very precise information. I would recommend this. Good photos .

Looking forward to putting it to good use.

The information was very superficial, didn't give many good recommendations. Next time I will pony up for a Rick Steves' guide.

Excellent quick reference!

Informative

An interesting, quick, and informative read. It met my needs pretty well.

Very thin; not much substance; found better and free guidance from online sources.
