Forever: A Gripping Tale Of Supernatural Suspense

Synopsis

Forever is a long time to be loved ... and hated. It's not by chance that Tom Cogan notices Annie Garrett in a movie theater one night. Neither is it an accident when their hands touch and they share a dark psychic vision. She believes they're seeing flashes of a shared past life. He fears he's losing control of his mind. Both are right. Their lives have been hijacked by a malevolent spirit who's waited nearly two centuries to get revenge. Trapped as a pawn in the demon's demented game, Tom discovers he and Annie are not the only ones targeted for death. Some think our lives are controlled by free will, others by fate. Forever is a haunting story exploring a third--and horrifying--force.

Customer Reviews

A long time ago a star-crossed pair of lovers were separated by the woman's forced marriage to a monster. When her lover attempted to reconnect and save her from his cruel treatment, it resulted in tragedy. The man shot, their child drowned, and the woman finding blessed relief only by dying. Now, many generations later, the monstrous entity who tortured them so long ago has forced

himself into the empty vessel of a businessman on the brink of suicide. While the main players, in a jumble of reincarnation, have so far been unaware of the roles in an earlier life, that's all about to change. With a thirst for vengeance only whetted by his long-ago murderous tally, the monster is determined to re-enact the earlier love triangle so he can take his revenge again. Tom Cogan is one of these players. He's never questioned his marriage before to Julie - he's been too busy counting his blessings - but with a lack of attention on both their parts eroding their steady commitment, he's found himself on rockier ground. When he meets Annie, a local movie theater cashier, he finds himself experiencing flashbacks from centuries before that Annie also shares. With his happiness brutally rocked off course, can he work out what is happening in time to save himself, and save his marriage? I found this a very entertaining book to read. It was a completely unique storyline and it held me enthralled throughout. Although I was slightly worried when I first started that it might overly veer into romance, I was refreshingly surprised to find a gripping supernatural tale of eternal love and revenge that never verged into the saccharine. Linda Cassidy Lewis has a marvelous turn of phrase and her writing and the story were satisfying and entrancing. Weird and definitely worthwhile.

In my 20's-30's, I read a lot of paranormal books and then got bored with them. So to be honest, I wasn't excited about reading this one, but love the author's other genres, so I hoped that this one would also be good. I wasn't disappointed. Once I started it I couldn't put it down. She really brought the characters to life, even the paranormal one, and I thought that I could actually feel Eddie's smarminess and clammy hands. What a creep! That is why I gave the book 5 stars. When I can taste, feel or smell what the author actually describes, I consider it a good book.

I actually was expecting a little more from the book when I nominated it on scout...Kinda like more suspense, that would have been great. I will tell you what I really liked about it. The several points of view of different characters which made me understand and empathize with them, thus my 4*. As for the story, I wished it made my heart race while I rooted for the characters, but it was predictable, the characters were predictable! I mean, a man torn between two women (one of them is his wife the other appears to him in visions of a common past) while being haunted by ghosts (one of them terribly evil). The problem is that we know who's the evil guy real soon as I just knew Annie's fate once he got to her and that kills it for me.

Taut suspense tinged with horror and supernatural are what I found in Linda Cassidy

Lewis's new book. Happily married businessman Tom Cogan sees a vision when his hands touch those of Annie Garrett, movie theater ticket girl. He's later stunned to learn she saw the same vision of them in period clothing. As their acquaintance grows, they come to believe they are the reincarnation of another couple, a couple with thwarted love. Complications abound as the plot twists and turns, leaving the reader anxious for them to find peace and happiness. But all is not as it seems, and Tom and Annie must battle an ancient evil before they find any relief. Maggie Toussaint and Rigel Carson for Muddy Rose Reviews

I liked the concept of this story, but I had a hard time making it through it. The build-up to the final events felt dragged out to me and went over the same things time and again. As it drew closer to the end, however, it got to the point where it didn't seem quite as predictable. Although not quite to my taste, I think it's a book others will enjoy.

Linda Cassidy Lewis has penned a unique story line in her new novel FOREVER. Tom and Julie are at a crossroads in their marriage. Their daughter is going off to college and that development will change the dynamics of their relationship. Will it be for the better? Or will their marriage crumble without the glue that is their child. Like many long endured marriages, the passion between them has waned. Still, there's a comfort level between them that Tom believes will help them weather the storm. Until he touches the hands of an unlikely woman working at the cinema. Only then does a powerful force stir within his soul. Or is it his soul? His obsession with Annie, for whatever vague reason consumes him, and little by little, their past-life affair awakens within a vortex in his soul. The monster---and I do mean monster---that once destroyed them, has returned in full force to once again exact his savage revenge. Lewis has created an engaging plot that combines horror, romance and the supernatural. Be warned: it is violent and horrific, some of it sexual. But for me it only heightened the monster that was Eddie. Lewis keenly understands the rhythms of domestic life and uses it in FOREVER to give this story a feeling of authenticity. Intelligent, very scary at times, and filled with supernatural twists and turns that I didn't see coming, FOREVER is an original and entertaining take on true love and the evil that tries to break its eternal bond. I really enjoyed this book.

This book had me hooked from page 1. I love a good haunting ghost story, and this was one of the best I've read. Anyone reading this review I encourage you to read this book. You won't be disappointed

This book was really good. I really enjoyed it. I'd recommend it.
