 \tilde{A} ¢ \hat{a} ¬ \hat{A} "Cresswell \tilde{A} ¢ \hat{a} ¬ \hat{a} "¢s introduction to Geographic Thought is everything such a book should be: open and honest, wise and witty, accessible and engaging. Offering an intelligent guide to the history of geographical theory, Cresswell \tilde{A} ¢ \hat{a} ¬ \hat{a} "¢s thinking is consistently clear, concise and critical. An excellent book that explains the history of geography and all the sub fields of geography. A excellent reference for anyone who is seriously interested in the field of geography.

A must for every geographer. Very well written and the most accessible introduction to a rich and intellectually challenging history of geographic thought I've ever read. A treasure trove of references for further reading.
