Customer Reviews

"Complete, concise and filled with useful information." â "NY Daily News --This text refers to an out of print or unavailable edition of this title.

Its simple. Frommers is the name readers can trust for complete, easy-to-use, and up-to-date travel information. These guides offer all the practical details in a fun, user-friendly format, helping readers discover the world in a whole new way. The candid, authoritative hotel and restaurant reviews are the best in the business incredibly detailed, and including carefully chosen selections for every taste and budget, with an emphasis on moderately priced choices. Were the only major guidebook series

to go the extra mile and list exact prices for every establishment and activity covered, so readers know what to expect. And whether they're on an expense account or a tight budget, readers get the very best bang for their buck. Frommer's Complete Guides offer a wealth of sightseeing, sports, strolls, and special moments all accompanied by detailed, accurate color maps that show the way. Most guidebooks read like textbooks or promotional brochures but not Frommer's. We know that readers turn to Frommer's when they're planning a vacation, so even though these guides take the details seriously, they're filled with a sense of fun and discovery. No wonder Frommer's Complete Guides are turning heads. And no wonder readers have discovered that Frommer's is the key to an unforgettable vacation.

It is nice to have all the great cities and towns of Belgium, the Netherlands, and the Luxembourg area covered in one handy book. Good maps and suggestions for "best of" experiences. There are separate maps for attractions, hotels and restaurants in each city. Hotels and restaurants are listed by price range, and family-friendly establishments are noted. There is not a lot of historical background given in this book, and no photographs. The writing style is clear and direct and not too dry. I found the recommended hotels in Amsterdam to be booked up months in advance- obviously many are following Frommer's advice!

I used this guide book during a recent trip to the Benelux region of Europe. I found the book useful in helping me pick out good restaurants. It also listed the major sites I wanted to see. I did not find the book useful in reserving hotels and describing each site. I especially found the maps to be of poor quality. Many of them mislabeled the location of sites and failed to include important street names that would make it easier to find sites, restaurants, and accommodations. As a frequent traveler, I rely on good maps in guidebooks to get around cities that are unknown to me. Frommer's got me to take wrong turns repeatedly. Unfortunately, there do not seem to be many books out there covering exclusively the Benelux region of Europe. At least I did not find any that I liked, so Frommer's was the best choice among many bad choices.
