## Customer Reviews

Hi I purchased this book after a REALLY bad breakup a couple years ago. If i told u what happened, you would have thought yeah it's over. We both live in completely different states. Looking at him you would think he has alllll these women on top of him n have moved on. I NEVER contacted him. This book WORKS n have set me on the path to learning how to use law of attraction to put my life back together. Just a few words of advice: this book works when you do everything in it n you LET GO. it took forever to work because i had the hardest time letting go. the VERY moment i let go (ex. when i just started throwing his pictures away) n just genuinely ok and happy with my life as it is n if

he didn't come back that i was a-OK is WHEN he came right back on his own. A next word of advice: you have to stop looking at what is going on in front of you, even if it denies the very thing u want. you have to live FROM the invisible, but REAL world of having him back already. thirdly: it doesn't matter if they are seeing someone else because everything is energy and your raised vibration can switch things around so much that the person they may be seeing is swiftly taken out of the picture in a peaceful manner. Mind you, we hadn't spoken since the middle of 2013 and he came back the beginning of 2015. Still, since seeing my power in willing romantic relationship with him, i have now turned my attention to someone else because seeing this work is pretty amazing; it's effortless. this book is a gold mine because it's your secret weapon in life. give a chance. u have absolutely nothing to lose.

Hello guys ! It works but if you have hard time let it go, try go to hypnosis therapy , release some resistance before you work on get the person. It much easier and fun !

I liked the simple directions and explanations. Things started to progress before I'd completed the book. I'm impressed. I found Chapter 10 to be incongruent with the rest of the book. It seemed "gamey" and manipulative. Why would you need to act against what's true and real in order to get what the Universe will co-create with you?

After reading this book I feel a sense of freedom and release in my situation. It cleared my doubts and fear for my desires to manifest. Thank you!

I am in live with this book. I will now put in practice everything that u have read. I will come and update !!!!

Every method in this book is very elaborate. It directly informs you how to make the law applicable toward your hearts desires. As a preliminary step I would recommend any first time readers to watch the secret before getting to this level of depth or else there will be some discouragement.

The book was quite short, as I know a lot about the Law of Attraction I did not need a basics course in it (but that is not provided anyway), I think this book could have been filled out more with evidence on how it works and delving a little deeper into the psyche of humans and our behaviour, but maybe that was not the intention... in brief, it tells you what to do but I feel lacks the spiritual connection with

the universe and energy which REALLY makes your desires manifest.

Loved this book, each step was clear and straightforward. Whenever people talked about "letting to" I wasn't quite sure what they meant, FINALLY she explained what "letting go" means and I am attracting my ex back into my life & I'm attracting our relationship back! I recommend this book to anyone trying to attract their ex back! Great book.
