# Rooster's Off To See The World: Book & CD (The World Of Eric Carle)

## Synopsis

Eric Carle's beloved tale, *Rooster's Off to See the World*, now comes with a CD narrated by award-winning actor Stanley Tucci! Rooster has gotten tired of living on the farm, so one sunny day he decides that he wants to travel and see the world. But Rooster is feeling a bit lonely on his outing. So when he meets two cats, he invites them to come along. And then he meets three frogs, four turtles, and five fish who all join, too! But Rooster hasn't thought about food or shelter. When his newfound companions head back home, the hungry and homesick Rooster eventually follows. He's learned that while it's wonderful to set out on an adventure, there's nothing as sweet as coming home. With his trademark collage illustrations and lively text, Eric Carle helps young readers count from one to five and then back down from five to one in this delightful story that's now available as a book & CD narrated by Stanley Tucci!

## Customer Reviews

With his lush, gorgeous collages, Eric Carle hardly needs to write a word to make his picture books appealing. *Rooster's Off to See the World*, in fact, may have been more successful as a wordless book. Rooster wakes up one morning and decides he wants to travel. Off he goes, picking up companions along the way (two cats, three frogs, four turtles, etc.). When night falls, the critters become cold and lonely and hungry, and, group by group, return home. It seems the message here

is, "there's no place like home

An octet of favorite picture books now appears as board book editions. Wanderlust sends a rooster to the road, and loneliness leads him to take on traveling companions in the adventure-cum-counting book *Rooster's Off to See the World* by Eric Carle. The type may be small, to fit the format, but symbols in the corner of each spread help readers keep track of the travelers' growing number. Before purchasing this item, I make sure to check out the item description to make sure that it was a good size. It says "Product Dimensions: 8.4 x 0.3 x 11.5 inches" Naturally, after reading this, I assumed that it was a standard size. It wasn't. It fit into my pocket. I was VERY disappointed with this product.

Aw the rooster!! My kids love this story. They want me to read it all the time - I think they expect the rooster will go somewhere else.

Our four year old son loves this book

I purchased book before reading reviews- they are right- a tiny book with small print and sad story. Rather disappointing particularly for an Eric Carle book. I will check the Richard Scary book and others. (needed rooster theme for Chinese New Year)

The book is only 3 by 5 inches. Too small!

The book is the book no doubt, however the picture and the sizing were EXTREMELY misleading. They show the size of the book against a persons chest, but what they don't tell you is that that person is a newborn infant. This book is pocket sized at best. Terribly misleading.

Frankly, I was not able to evaluate. When book arrived, it required latex gloves to even touch it. Filthy!

I didn't realize this was such a tiny little book. It's pretty much pocket sized. Can't recall if size was

stated in the description, but perhaps I should have looked into it a little bit more.
