Customer Reviews

From the first page, I was sucked into the life and death struggle Ruby (the main character) faces when her client is killed by a sniper during a delivery. What I liked about this book: The masterfully written action sequences detailing Ruby's escape then capture by agents of the New Rulebook. I appreciated Ruby's defiance in the face of adversity. What I didn't like: Ruby's constant analysis of her feelings toward Robert. If you want a suspenseful, action based thriller with hints of a Jason Bourne movie, you will enjoy this read. I received a copy of this book from the author in exchange for my honest review of the book. All opinions expressed are my own.

I received a free copy of this book in exchange for my honest review. When I write a review, I don't try to briefly describe the story because that's the job of the cover. Instead I try to tell you how I was affected by the story. This book grabbed my interest and several times I re-read entire chapters because there were unexpected twists in the story that I wanted to remember. I really liked the characters because they had known each other for such a long time and yet were still able to surprise each other. I made the mistake of trying to read this story at a very busy time and found myself upset when I had to stop reading because of obligations and then having my mind wander back to wondering where the story line was headed from my stopping place. I recommend that you do yourself a favor and read this story with as few breaks as possible - this book is worth that extra effort. I sincerely hope that you enjoy this book as much as I did.

What are the chances that your soul mate would end up at the same orphanage as you in the same year? Robert found his at the age of six, then had it confirmed when he found Jesus. Ruby on the other hand was stuck in the friend zone. It took murder, being framed and in mortal danger, and having only Robert to rely on for her to realize she might love him back. As a crazy man tries to kill them both because they know the truth about The New Rulebook Ruby finally realizes just what she has to lose. The emotions of the characters in the story are well delivered and discussed. Emotions that led our two main characters to find a higher power to guide their life. It appears big girls DO cry, big boys too. I was so glad to see how the trauma Robert and Rudy experienced was dealt with compassion rather than ridicule and censure. Great first story for the series. Now on to book two.

This book is simply great and exquisitely written. Thought provoking and full of suspense. Obviously small enough for lazy readers like me!! Looking forward to more books from Joy. Thank you for this master piece!!

Lots of danger, intrigue, suspense and even some romance. Ruby is the main character. She had a delivery service she started to help her elderly neighbors but got a contract to pick up a package for \$10,000. That pick up went from bad to worse when the woman delivering the package was shot and killed by a sniper right in front of Ruby. She calls her friend Robert (police detective) when she quickly realizes she'll be the prime suspect and there were no other witnesses. She quickly becomes a target herself and Robert is determined to protect her. High Tech "eye in the sky" type of drama and lots of plot twist and really danger. Robert and Ruby share a new faith and they are struggling with their long time friendship turning into something much more. This is the 1st book in this series and I look forward to reading the others.

Red, The New Rulebook is the beginning of a series of Christian suspense books by Joy Ohagwu. The New Rulebook is leading technology in surveillance and even though it was meant to control crime, the bad guys have other ideas for its use. Ruby, is on what she thought was a usual delivery/pick up job and it turned into her being framed for murder. The first person she knows to call for help is her lifelong friend Robert, a police officer. And there begins the high tension drama of their attempt at outrunning those who set her up in the first place. Who is behind the murder? Why was Ruby chosen? Has she lost everything because of this new technology? Throughout the drama and suspense, the author has woven a strong thread of faith in Jesus Christ and the change He can

make in one's life. infused throughout is also the tension of the friendship, perhaps soon to be romance, of Ruby and Robert. Can Ruby see beyond the friendship to a closer relationship or will her fears hold her back?

Red: The New Rulebook Series#1 by Joy Ohagwu -- I am always looking for Christian authors who write suspense/mystery/romance books. I really wasn't sure about this book when I first ran across it. The title really threw me. I read the reviews, and because it has a price tag of \$00.00. I decided to give it a try. So glad I did. It kept my interest from page 1 and the book is full of action with the right dose of romance. Red (Ruby) is inadvertently drawn into a life/death situation with her life-long friend, Robert - a police detective - trying to help her. They make an amazing team. To me, they are somewhat reminiscent of Nick and Nora of The Thin Man series. Although this is a series book, it is also a stand-alone book. I have not read the others in this series, yet, but have purchased them. I highly recommend this book if you are looking for clean, Christian (but not preachy) suspense.

I loved this almost sci-fi /suspense /romantic /inspirational! Fast paced adventure that was not get dragged out and warmly written novel . Ms Ohagwu is definitely one to look out for and getting set to get other books as soon as post this review!
