This was WAY more informative, in depth, and awesome than I thought it was going to be. I really does contain ACTUAL advice and usable information. I thought it was just going to be some neat

but fun light hearted suggestions, but there is a TON of information in it. Gave it to my sister and future brother in law for their bridal shower. Huge hit!

Bought as fun gift for wedding Good tips & information

Got this as a gift for my sister to give to her as part of her wedding gift, (plus the Bride & Groom manuals as an engagement present). Read through it myself before I give it to her as I'm a newlywed myself and I enjoyed reading it. It covers all the basics of what to do & what happens after you get married.

It's quite funny, but at the same time, I found a number of useful information in the book. I suggest both spouses to read the book at the same time.

This handbook is a great gift for any married couple! It discusses a lot of important topics that some couples may not think about, prior to getting married.

the edges are peeling off and kinda dirty when it arrived. ã Â Â^Â£

Fun little book to enjoy after the wedding!

The perfect gift for your favorite newlyweds! Cute, and VERY useful
