Customer Reviews

I've read some of these ghosts stories before but I read many new ones in this book and I love the historical facts the most and what places were originally built under or before that new places that are the cause of the spirits. Living here now though makes me not want to go to the most haunted place here...Lahaina...just saying.

I knew of a couple of the events in this book. There were some I didn't know. Will be sure to check out these sites.. In the daytime of course. Very interesting , mostly in Lahaina locations .
