Modern American Remedies: Cases And Materials, Third Edition (Casebook Series)

Synopsis

This eagerly-awaited revision of **Modern American Remedies** continues to examine the overarching policy themes and principles behind remedies law, with unmatched quality and effectiveness. The casebook retains the characteristics that made it the bestseller in the field: outstanding authorship by the widely respected teacher and scholar Douglas Laycock; an effective analytical approach structured around general remedial principles; never presents remedies as a compendium of prescriptions for various substantive wrongs; balanced coverage of both public and private law, emphasizing their remedial similarities as well as their differences; doctrine, fairness, corrective justice, and economic efficiency as competing and often reinforcing approaches; keeps the economics accessible to all; logical organization around the basic remedial choices; effective cases-and-notes pedagogy, refined in each edition. Be sure to notice these new and improved features of the Third Edition: completely updated notes and illustrations; extensive new note material in areas of rapid development, such as governmental immunities and tort reform; reorganized material on structural injunctions is both more concise and more current; more focused material on restitution, incorporating major new scholarship; major new cases: *United States v. Virginia*, *Lewis v. Casey*, and *Missouri v. Jenkins*, and a note on *United States v. Microsoft*, all on structural injunctions; *Glendale Federal Savings v. United States*, on the frontiers of restitution; *BMW, Inc. v. Gore* on punitive remedies; *International Union, United Mine Workers v. Bagwell* on contempt of court; *Alexander v. Sandoval*, on implied rights of action; *FEC v. Akins*, on private initiation of administrative remedies.

Best Sellers Rank: #783,985 in Books (See Top 100 in Books) #44 in Books > Law > Rules & Procedures > Remedies #7973 in Books > Textbooks > Law

Customer Reviews

excellent product

OK.

Book came fast and was in great condition. I would purchase from this vendor again

I bought this book as it was required reading for my Remedies class in law school. had the lowest price, the book was in stock, and it shipped quickly. And it was exactly the right book - the info on the web site provided all the details I needed to make sure I was ordering the right edition (as these things change quite frequently in law books). Everyone should seriously consider getting all their textbooks here.

good
