# The Last Conclave (The Lost Prophecy Book 6)

## Synopsis

The final battle builds. The groeliin continue to attack. And Raime seems even more unstoppable than he ever has before. Back in the Antrilii lands, Isandra searches for answers from Jostephon. The arrival of the summoned Magi means that much will change for her, and she soon learns her purpose in the north is not yet completed. She might be the key to understanding the groeliin and how to finally stop them. Roelle struggles with the ongoing effects of her poisoning and learning how the Magi warriors can work with the Deshmahne. A discovery tied to the Lashiin priests leads to a deeper mystery that she must solve while learning whether she can still lead. Jakob searches for Raime, knowing that he won't abandon his plans. His quest leads him back along the fibers and to a deeper understanding of who he's meant to be. The key to finding and stopping Raime is tied to the groeliin, but just as Jakob thinks he knows what he must do, he finds he's completely unprepared.

## Customer Reviews

This entire series is great. I don't know why I thought this was the last book in the series. I must have somehow associated the title with the end. Anyway, there is still much to be resolved and things just keep getting more stressful for our poor hero. Just imagine if you are an ordinary young person with no particular direction in life...you don't know what you want to do for a living, and then suddenly you are thrust into a very high tension, life and death situation and right in the middle of trying to stay alive...some woman that you have only encountered in a couple of dream/visions, tells that you are a powerful god-type being and she is transferring her powers to you also; then before you can even say anything she dies. You have all this power (supposedly) but you don't know what the powers do or how to activate them, let alone have the wisdom to use them. You don't know the dangers, the rules or have a mentor to help you. WOW. That's all I can say.

The plot is good, but there is a tendency to repeat already known facts multiple times every few pages which becomes boring after a while. At one point it becomes ridiculous. Also some facts tended to change between books.

I really enjoyed reading this book as much as all the others and am ready for the next book and am looking forward to reading your creations of the next book.

One more in the series. I await the next in the series. all the lost prophecy series are a good read.

This story is well written with a consistent system of rules and characters that are well developed and understandable. I look forward to reading the next book in the series.

The series has great flow, few errors, no swearing. I loved the way the characters were developed. The uniqueness of the gifts and talents were wonderful and exciting as well. I am looking forward to reading number seven and beyond.

I liked it but I thought it was going to be the final one and it is not, so I am going to have to read the next one.

I love the book, couple good twists.
