Customer Reviews

In this volume, Norio (monkey-cat) and Kunimasa (leopard) show they are growing into adults. For them, it's a painful process of self-reflection and figuring out priorities. I'm excited that a certain someone is finally showing his powers. At some point, he's going to have to fight to get the man he wants, and I'm looking forward to seeing him do more than talk and cry. The Christmas bonus is interesting, if a bit hard to follow. We learn more about how the main couples see their relationships and how two of the scariest woman in the world met. Just about every couple who didn't make it into the main story this volume shows up. There are many fun, lovely, and unexpected moments here.

But, mostly, I'm happy to see more Pride First (mer-lion). His existence isn't like the others, but that's what makes his obsession with what's in the physical world so interesting. I would recommend this to anyone who started the series and started wondering if it's worthwhile. What prevented five stars from me are a few confusing moments of dialogue where the translator appeared to struggle. I'm still not sure what was said.

Oh my god! Where is volume 9 at??? -cries- I need to know what's going to happen next. All of the couples have me so completely wrapped up and intrigued. Been in love with this series for a long time.

In this volume we finally get back to Norio and Kunimasa. They are my favorite couple in the book though I enjoy the other couples as well. We also get a little more of the mer-lion and shinobu and the bears. I never get bored in this series with all the different characters and personalities. I would definitely recommend this series to any yaoi lover out there. I don't want to put out in spoilers so I'll leave it at that. BUY IT!

Excellent book!! I absolutely love it!!

YAYY! I finally get to read the continuation! I've been in suspense for so long! Fair warning though this volume includes that little 'Gossip' special so its not 100% new story. I kind of hate that I can only read it on my phone...can't wait until a paperback is available.

I just discovered The love pistols and I LOVE IT! I love Yaoi manga and this is definatly an original story with , steamy love scenes, not too graphic and fits the storyline , not sexy scenes put just everywhere in the story. This Manga artist's drawings are not as visually beautiful as most MangaKa's but The story makes up for it and I found I really started to like her art. can not wait til the next book, I will be buying all in this series

Very good book and the whole series that this book goes too. I can't wait to see what happens in the next one.

I love, love, love the Love Pistor series and I CANNOT wait for more
