# Prime: Get Your Money's Worth From Prime Shipping, Movies & TV, Music, Books And More

## Synopsis

Here's a concise guide that simply explains how to get the most bang from your Prime bucks..Way back in 2005, I received an email from .com announcing a new program called "Prime." It was a simple proposition: If I paid \$79 a year for the annual membership, I'd get free two-day shipping on most of my orders. Plus, I could upgrade to overnight shipping at a huge discount--just a few dollars per order..I'm plenty thrifty, but didn't need to twist my arm before I coughed up my \$79 fee for a Prime membership. It was a no-brainer. I order something from at least once or twice a week--books, groceries, electronic gadgets (the list has grown every year). So I didn't need to scribble the numbers on the back of an envelope to see that my annual Prime membership would pay for itself within a few months. Easily!.In the decade since then, has increased the Prime membership fee just \$20. Meanwhile, the company has stacked up more and more benefits to Prime, much beyond the special shipping deals that attracted me at the start:-- Free on-demand streaming of movies and TV shows.The service, called Instant Video, is similar to Netflix's online video service. And while 's video store doesn't yet match Netflix's selection, is gaining rapidly.-- Free monthly rentals of popular Kindle ebooks, thanks to the Kindle Owners' Lending Library. Anyone with a Kindle device and a Prime membership qualifies for the freebies, up to one book per month, with no due date.-- Free streaming music, a service like the popular Pandora or Spotify Internet music services.Free same-day delivery for certain orders..Whether you're like me--someone for whom Prime is a must-have--or a more infrequent customer--this book will explain how to get the most bang out of your Prime bucks.

in Kindle Store > Kindle eBooks > Reference > Consumer Guides #66 in Kindle Store >

Kindle Short Reads > 90 minutes (44-64 pages) > Education & Reference #93 in Books >

Reference > Consumer Guides

## Customer Reviews

I just downloaded and read through the topics showing ALL the wonderful benefits of Prime. This book is well written and topically organized such that it would be hard to miss any Prime Benefit with the reading. If you want to make sure you are covering all PRIME available bases this book covers it all. For myself it was a very quick read since I have been an Prime Customer almost from the time I purchased my first of many, many products over many years. Again, well written and useful source if you need to make sure you using the many benefits of the Prime Membership. Even with my long time membership I was not aware of the ability to use your Prime Membership to store all your photo's on the Cloud.

This is the perfect book to understand all of the benefits you get with Prime. I thought I knew them all but boy was I missing a lot of benefits. You can't use Prime without this book. Awesome!

Not worth the money. No better info than what is on site. Really would like a refund offer

I am a rabid Prime member and thought I knew about everything included with my membership. I was wrong! If you are a current or long time Prime member, you will find this updated concise guide to be very valuable in helping you get even MORE out of your membership. My teenage son who enjoys video games learned about a feature that will save him at least \$5 a month.

I found the information in the book to be invaluable for a good Prime experience. I didn't know about all of the benefits.

Prime membership is the best deal for me. Most everything is available on prime and at a fair price.

I plan on using this app many times.

I've had Prime several years and I am so looking forward reading this. Thanks to Steve Webber for the information. And I love your Kindle Buffet.
