Rika Mechanized: A Rika Prequel (Rika's Marauders Book 0)

Synopsis

A Novella of the Orion War (Aeon 14) Rika is a scout mech, once human, now she is the property of the Genevian military. Rika's crime was small, stealing food. But when faced with a five-year prison term, or conscription in the Genevian military, she chose war. She had no idea what that conscription would entail. Now little of Rika's human body remains, and she serves as an SMI-2 scout mech, the meat inside a cyborg body. She, and others like her, are sent in ahead of the human soldiers to tip the scales of war. But the enemy has upped the ante and the mechs of Rika's fireteam will have to go up against unimaginable odds if they want to serve their time and become human again.

An Aeon 14 series The events of the Rika's Marauders series occur during the New Canaan time span in The Orion War series. This series may be read at any time after reading *Destiny Lost*, *New Canaan*, or *Orion Rising*.

About M. D. Cooper & Aeon 14 M. D. Cooper is a New York Times bestselling author who has envisioned a rich future for humanity, one where planet-sized megastructures house trillions of humans, and civilization has risen only to fall and rise again. Fans of *Starship Troopers*, *Honor Harrington*, *The Expanse*, or Elizabeth Moon's *Vatta's War* will feel right at home in this, the first book of the Rika's Marauders, which takes a deeper dive into the world of Aeon 14. Over the course of the next few years, M. D. Cooper plans to release an additional twenty-two books in this expanding universe. So strap in with Rika and get ready to kick some ass as we find out what the future has in store for us.

What is Aeon 14? The universe of Aeon 14 is based on the premise that advanced, intelligent, starfaring life takes 14 billion years to evolve. In astronomy an aeon is a billion years. In Aeon 14, humanity is at the leading edge of this evolution in the Milky Way Galaxy. Humanity and the AIs they have created spread out amongst the stars and find that they are alone, though it may not always be that way....

Customer Reviews

As an arc reader this is the first time that I have read anything by MD Cooper as this book was included in 'Intergalactic' a collection of authors. After I finished this book which is a Prequel to the 'Marauders' series, I was immediately on to Book 1, 'Outcast' and have finished reading that as well. Both of his books were fast paced, well written, and intriguing ~ so much so, that I can't until book 2, 'Redeemed' is finally published!

I really enjoyed this book and the strong female leads. There were a dozen or so errors that should be corrected, but not enough to detract from the overall quality of the book. Although I usually don't spend what the next book costs, this has me interested....I want to see what happens next.

Three female warriors conscripted by circumstances beyond their control. Outfitted with biomechanical limbs and determination to survive this war and return to freedom they bond into a fighting unit and discover their humanity still resides inside their armored bodies. Fighting against superior numbers, tactical nukes, and overwhelming odds they use every ounce of grit and

determination to make sure they survive.

You want action ? You got it. Sci/fi ground war at its best. This story was a good read. The author did a good job with the realism and humanitarian look. Happy

I liked the tech explanations, and also the character development. These ladies really care for each other. People who like military tactical action will enjoy it, as I did.

Enjoyed the story and its characters. With Lots of action in this one it is an easy read Mechninized human who would of thought.

This book rocks it fast and fun to read buy it and enjoy it it good fast read of the mechs.

love Rika! a true butt kicker chick! looking forward to the next book.
