Average Customer Review: 3.7 out of 5 stars 9 customer reviews

Best Sellers Rank: #1,150,570 in Books (See Top 100 in Books) #22 in [Ã Â Books > Teens > Education & Reference > Foreign Language Study > German](#) #129 in [Ã Â Books > Teens > Education & Reference > Foreign Language Study > French](#) #999 in [Ã Â Books > Textbooks > Humanities > Foreign Languages > French](#)

Customer Reviews

I managed to attain an A* in GCSE with the help of my French teacher and this book - not only does it provide good exercises (that usually get set in class or as homework), but it also has a comprehensive list of vocabulary, and even better, a massive grammar and verb section. Particularly useful for those of us that struggle with that aspect of French, as it explains all of those complicated little details that we need to know, and in an easy-to-understand layout. * 5* review *

They have been involved with the two previous editions of the course. Sylvia Honnor has taught French to a variety of students from schools and universities. She has also been an oral examiner and a member for many years of the Modern Languages committee of a major examining board Heather Mascie-Taylor is a French teacher and an educational writer, who has extensive experience in writing French course materials.

This is a text book for my niece who lives in Trinidad and Tobago she was having a difficult time to purchase one so I bought it for her. Thanks

This book needs to come with a CD or cassette for it to be beneficial to those who want to learn the language. Actually, at the start of each unit there are instructions to listen to the cassette.

I like the layout and the way the book immediately captures your interest with a map of France

It is a great textbook to learn the French Language. Same is ideal for a mid level french. it has many pictures so you can understand the words visually.

Its the exact book that my children wanted & it came well on time. Now I need the one with exercises+discs...

the book is ok, but i do not understand much of the language. Perfect for a kid.

muy bien!

Cassettes or cds are essential for using this book. Yet they are not provided with the purchase of the book nor is there any indication how they could be ordered as a separate item.Susan
