Grade 7 Up-Motivational speaker Asgedom puts one of his speeches to paper, urging readers to develop their own code of behavior based on what they want from life and what they want to project to the world. He leads by example, and teens will be inspired by his personal story. Asgedom and his family escaped civil war in their East African homeland and spent time in a Sudan refugee camp before coming to the U.S. where they settled in an affluent suburb of Chicago; he later received a scholarship to Harvard. In this easy-to-read, accessible title, he shares his secrets of success. The text is sprinkled with occasional street slang that sounds natural and speaks to its audience without being condescending. Readers standing on the edge of their futures will find that this quick read offers some valuable guidance. Though no new insights are presented (work hard, play fair, be nice to everyone), Asgedom lends a strong male voice to a sea of guides for teens. Wonderful book, it really helps and heals.

This is a great book to use with high school students. It is true and it is realistic. It's an easy read--but a lasting message.

It was good ..and sometimes it made me laugh. This book is really good, you should read it and it helps you succes in life.

Mawi has concisely produced a book that will interest and inspire teens. I work with disadvantaged teens and I am making this book required reading. The book is easy to understand and Mawi's personal stories and wonderful illustrations make it fun.It is very difficult to get teens excited about learning but Mawi has done it.
