We are disappointed with the ending of this book. It's as if the author just got tired of writing and wanted to finish it as soon as he could, it left us wondering about the characters and how their lives went after their adventure..... We couldn't help but wonder how this journey impacted them in their everyday lives. Were they deeply changed because of it??? Sorry Jeff.....it was just a big let down at the end. Otherwise the children enjoyed this series very much.

Buzz looked over the edge. Straight down from where he stood, at the bottom of a hundred-foot cliff, ocean waves lapped at the rocky shoreline of Nowhere Island. "We're going to have to climb down," Carter said. "Tell me you're joking!" Buzz shouted. The final book in the Stranded trilogy by Jeff Probst. The adventure on the island continues. The kids face more danger and excitement, as in the previous books. Even a small cut can be dangerous on this island and even the slightest mistakes can have serious consequences. Will the kids be rescued? Once again, this book will appeal to young reluctant readers who enjoy adventure stories. The book is short and easy to read. I read it in an afternoon and enjoyed it very much.

My daughter loved this book. Now she wants the entire series.

I would definitely recommend these books -especially if you have a child that doesn't like to read. My son really dislikes to read most of the time but found this series very interesting. He read all

three in about a month and wishes that there were more books in this series. This series definitely made it easy for him to get excited about reading and taking AR tests.

I bought this book for my 11 year old son who is not a big fan of reading. But he loves these Survivor Stranded books! He finished the first one and asked to get the 2nd and 3rd books for his birthday.

Jeff Probst said on his TV show he wrote the books for children reading. It is not just for children in my opinion. I am an adult and enjoyed every chapter. It is a real thriller and will hold the reader's attention to the end of the book. It is not altogether unrealistic -- it teaches survivor skills, working and depending on with each one another. It did remind me of the TV show "Survivor."

Kind of a hurry up ending to a hurry up series. Short books. When you are reading them they keep your interest but I expect to get more than 2 hours out of the price of a book.

I thought the book was good because the story tells about kids on a unknown island. The story was like those shows with surviving in a island. The story was creative and inspiring if you are on a island this story could help you.
