Recipe are easy to follow. Each ingredient in each of the bombs work to address the ailment she

suggested it be made for. The pictures are a great added value. I would have rated it 5 stars but the book had two oils\dry plants which were unfamiliar to me. I would have liked to see a list at the end or beginning which would have told me in 2 sentences what the item was.

This a great guide to making bath bombs. I like that each recipe explains the benefits of the ingredients within. The recipes and instructions are very easy to follow. There are TONS of recipes in here, making this a great guide, and one of my favorite go-tos!

This is a nice book if you are interested in having a bath which is more than just relaxing. By using a variety of essential oils your bath can do a lot more than simply relax you. depending upon the oil used you can fight of insomnia, relax, soften skin, reduce inflammation and boost energy levels.All in all a good read for anyone who wants to get more out of their bathing experience!

This book teaches you everything you want to learn about making bathbomb from scratch to finishThanks all those goon body nourishing recipies

Such a great book!. I had learned a lot on making bath bombs. I cannot wait to start making them as described, wishing I could print parts.

A bit disappointed, was expecting a color photos inside. Now I'm hoping the recipes will be a hit hopefully.

A SWEET BOOK OF RECIPES THAT ARE TO THE POINT, HOWEVER IT IS WRITTEN SO THAT A CHILD OF 10 CAN CREATE SOME OF THESE LITTLE GEMS FOR THEMSELVES. A HEALING LITTLE BOOK THAT MADE ME SMILE....NICE....
