## Customer Reviews

Great book! Excellent for someone new to making cold process soap. I have been making cold process soap for about two months now. I haven't had a failed batch of soap yet. I have used this book as well as online tutorials from soap queen and have been very impressed with all the tips, tricks, and beginner recipes.

Love this book, loads of information. Many recipes to get your feet wet as a soaper. I've tried one so far. Soaping is addictive.

I enjoyed it. The information she puts in here you can understand easily the processes and why soap makers do them.

love it
