Customer Reviews

Was a very good guide for a first time, 1 day visit to the Grand Canyon, covered all of the information I needed to plan our trip.

Like this guide, its filled with information to provide for a good visit to the Canyon. The smaller size is a plus too. There are itineraries to choose from, trail descriptions and hikes, time of year to visit based on weather and overcrowding (Sept Oct look good). Where to stay from camping to hotels (book early), great photos and diagrams. Worth purchase.

This book was very helpful in planning out trip to the Grand Canyon. While I thought it could include more detail, it provided great tips and unique things to do in the area. Great buy.

Excellent guidebook, and we used it to prepare for our trip, though once we were at GC, the park documentation was excellent.

Great guide to the Grand Canyon. This series is great for figuring out all the aspects of visiting,

whether you have a day or a week to spend.

Great read with a lot of information that I need.

Very good buy!!!!

nearly useless
