Impressive! The recipes are totally amazing. Having all this information in one book, it really helps me a lot. This book teaches me from how to choose the right blend of ingredients for Instant pot cooking, how to clean it and more. Overall this is the best cook book I ever follow. Worth recommending!

I've had the Instant Pot but never used it once. It was one of those things that seemed like a great idea when I picked it up, but I soon found out I had no idea what I was doing. So eventually I gave in and bought this cookbook so I'd at least have direction about how to use the whole thing. This cookbook provides good variety of recipes. Nutritional value per serving. This is useful to have. Gives the prep and cooking time. Comes with instructions on how to use the pressure cooker, as well as detailed charts for things like conversions, cooking times, etc.

I bought this book for my daughter who recently purchased an Instant Pot aka Pressure Cooker. She said it is a cookbook that she'll definitely be using quite often.

It's okay
