Mojang AB is a games studio based in Stockholm, Sweden. The Official Minecraft Team is your source for insider info on the worldwide phenomenon that is Minecraft.

Great reference guide for everyone. It great for the beginner with excellent illustrations/graphics. My grandson loves it! Also, great reference for more experienced players as well. Great addition to the Minecraft library.

Colorful and full of useful information for a beginner or a veteran player. Also, it's a great collector's item! I can't wait for the other two to come out this fall!

Thank you.

Excellent compilation of information, interesting and a bit useful to even advanced players!

This is a very nice introduction to the game. It would likely make a terrific gift for a young person just starting out, or for an older person that wishes to play along with the kids. It is hardback and printed nicely on paper that feels substantial. It is picture and graphic heavy; an adult could read through the text in a pretty short amount of time. Some of the illustration labels, though sharp, may be a little small for some eyes. There are good descriptions of biomes (the areas you can encounter), structures, mobs (creatures you encounter), and a decent guide on how to survive your first game night. Throughout the book are Mojang tips from the game publisher. While I am not a hard core gamer, I do prefer a deeper game treatment. *Mastering Minecraft (3rd Edition, softcover)* by Prima is a little more to my liking as it provides an easy index (although it is stashed in the middle of the guide and not on the last pages).

An excellent guide and easy to read and follow. Beats the daylights out of the knockoffs!

My son was happy, never got bore of reading the book.
