Examples & Explanations For Employment Discrimination

Synopsis

A favorite classroom prep tool of successful students that is often recommended by professors, the Examples & Explanations (E&E) series provides an alternative perspective to help you understand your casebook and in-class lectures. Each E&E offers hypothetical questions complemented by detailed explanations that allow you to test your knowledge of the topics in your courses and compare your own analysis. Here's why you need an E&E to help you study throughout the semester: Clear explanations of each class topic, in a conversational, funny style. Features hypotheticals similar to those presented in class, with corresponding analysis so you can use them during the semester to test your understanding, and again at exam time to help you review. It offers coverage that works with ALL the major casebooks, and suits any class on a given topic. The Examples & Explanations series has been ranked the most popular study aid among law students because it is equally as helpful from the first day of class through the final exam.

in [Books > Law > Legal Education](#)

Customer Reviews

This book is very helpful and will give you a deep understanding of employment discrimination law. It helped me form my model answers. My professor is pulling exam questions from it also so, of course, it's extremely helpful.

This book carried me to an A- two weeks before my final.

Well, I've learned a bit from it, but it reads like they were so rushed to get the second edition out that they completely by-passed editing. In the Examples he's will switch to she's, names will change, companies will change, claims of and types of harassment will change. But this finally put me over the edge:Page 126: " The Supreme Court ruled that "f" "704(a) retaliation cases were not susceptible to mixed motive analysis."Page 129: "Although the Supreme Court has not ruled on this issue, the prevailing view among those circuit courts is that mixed motive analysis is available for retaliation claims."Well which is it???
