# Two In The Kitchen (Williams-Sonoma): A Cookbook For Newlyweds

## Synopsis

The ultimate gift for newly married or engaged couples, *Two in the Kitchen* features a modern design, sprightly illustrations, lush photography, and 150 recipes for every occasion—from breakfast and brunch to cocktail hour to weeknight dinners for two to dinner parties to holidays.

“We both grew up in households in which family mealtime was sacred, and the rituals surrounding eating and drinking have continued to define and unite us. Cooking together is a way of reveling in each other and in our union. We hope that you will find the same bliss in the kitchen that we do.”

Christie & Jordan

With an elegant design, colorful illustrations, gorgeous photography, and a charismatic young couple, Jordan Mackay and Christie Dufault, writing friendly and helpful text, this title looks and feels like a gift and is filled with classic recipes and resonant information for modern newlyweds. Jordan and Christie draw on their experience—he’s a wine and spirits writer and she’s a sommelier and instructor at the CIA in Greystone—to add contemporary topics to the mix, such as a focus on drinks, how to set up a home bar, how to cook happily with your spouse and entertain family and friends. Additionally, five other couples from spanning the country share their secrets and tips for achieving kitchen bliss. Besides a diverse array of 150 recipes for every occasion and taste, each chapter opens with a handful of prose recipes offering inspirational ideas for quick dishes—from smoothies and scrambles to crostini and sparkling drinks—speaking to novice cooks looking for fresh and easy recipes. Practical advice like how to sharpen knives, take care of cutting boards, and store food in the freezer, and fun ideas like creating a music playlist for a dinner party are presented in short, easy-to-read sidebars throughout the front of the book. From dozens of recipes for every occasion to advice and entertaining know-how from couples who cook, this book will lead the way to happiness in the kitchen.

Yes, there are some very good recipes in here but I was expecting a book dedicated to recipes for two people. This cookbook includes chapters such as Hosting Parties and Holidays. It's ok but not what I was looking for.

Great for couples who are starting to cook, not for people with some experience in the kitchen.

This book is great. Thoughtfully and well put together. I'm excited to give it as a gift.

I bought this as a gift for couple who loves to cook together in the kitchen. They have already used it a couple times and said that they love the recipes in the book and have marked many that they plan on making in the future!

perfect gift for a wedding or shower (better than a card, something the couple will have forever!) lots of great recipe ideas and pictures, ships fast!

THIS was a shower gift. Most couples have apartment things now a days, so money is most needed. I hate to just give a check so this book with a personal note written inside was said to personally have touched them.

Very nice book for a shower gift or couples starting off or already well established. The brand name alone shows a touch of class that people are impressed with as the recipients of the gift.

A great find for a wedding gift for two whom really enjoy cooking together! Sure they will enjoy their gift!
