Customer Reviews

I actually read Con's story first and absolutely loved it!This book was good but felt more gloomy. Charlie and her secret got kind of heavy at some points.But Simon, man he was a real stand up guy. Patient, reasonable and sexy.You can totally read this as a standalone but I promise you won't be disappointed by book two.All in all this was good, there are likeable characters and a HEA.

This is my first book from this author, and I've gotta tell you, it was incredible! Mystery, humor, definitely romance, and totally loved the southern gentleman Simon was. Charlie was as complicated as they come, but I loved her sass and the confidence she had in herself to get through the huge secret she was trying to hide from her new life in New Orleans. Simon is one of the good guys, one of the guys where you need to pinch yourself to see if he's real. Complete gentleman, can keep up with the banter that Charlie dishes out, and holy moly is he hot! They need to clone him cuz I know of a few women who would love to get their claws into someone like him. Loved the side characters in this book, and Huck was a big adorable lug. Great writing, great storyline, definitely worth the read. I will definitely be reading the other books in this series!! voluntarily reviewed an

She went through something horrible and even worse she didn $\tilde{A}f\hat{A}\phi\tilde{A}$ â $\neg\tilde{A}$ â, ϕ t have much a support system to lean on, but when push comes to shove she stood up and was determined to make things right..even if they didn $\tilde{A}f\hat{A}\phi\tilde{A}$ â $\neg\tilde{A}$ â, ϕ t happen to go her way. Simon was a man that I loved, but also didn $\tilde{A}f\hat{A}\phi\tilde{A}$ â $\neg\tilde{A}$ â, ϕ t really care for. He was strong willed and very determined to get to know the woman that was hiding behind the mask. As much as I applaud him for his persistence I felt like he was tailing after her a bit to much. Though what I do love was that he didn $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{a},ϕ t let her past affect the love her has for her. Overall I thought this story flowed really well and I love every character that we met along the way. I look forward to reading more of this series because I am in love with Ms. March $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{a} , ϕ s writing style! This is an author I've been wanting to read for some time and so glad that I finally moved Beneath This Mask up my reading list because I enjoyed it very much! Charlie (Charlotte) and Simon's story was one that kept me glued to my kindle until the end."The good-girl-falling-for-the-bad-boy stories might have happily ever afters, but you never really heard about what happened when the good guy fell for the bad girl."This book is a twist because instead of a tatted up bad boy you get Charlie, a gorgeous tattooed woman running from her past not looking for a lasting relationship or ever found anything/anyone to risk an identity that she has buried. Add in the sexy, determined,

go-after-what-you-want Simon and you get one heck of a great story with lots of heat!!!"She'd said she'd left her heart with me. But that wasn't enough. I wanted all of her."Charlie and Simon find that no matter how much we camouflage ourselves, bury who we truly are that you will be lead to your real happiness, to your hearts destiny at the right time and that facing down your demons is worth the fight in the end!!

Reviewed For I'm A Sweet And Sassy Book Whorel decided to do a reread of this one since I will be attending a signing that this author will be at in the near future. I forgot how much I really enjoyed Beneath This Mask. I loved the whole bad girl who really isn't and good rich boy angle, normally it is the other way around. I loved Simon, he stole my heart from the very first time we met him. I don't know if it's how he decided to not jump right into a physical relationship with Charlie and wanted them to have more of a connection or if it was that no matter how hot he blew he always regretted his harsh words but he still is one of my favorite characters from this series. I like Charlie as well, even though she had her secrets and didn't want to hurt Simon, she also put her heart on the line knowing it could all crumble down and smash hers. If you have been waiting to start this series, and honestly I don't know what is making you hesitate, go ahead and give it a read, I think you will like how Ms. March has written this one and has the ability to suck you in whether it's the first time or the tenth that you have read it and makes you not want to put it down until the very end.
