N.A.S 2 (Niggas Ain't Shit 2)

Synopsis

Some men simply ain't sh*t. They lie, cheat, and let you down. Yet, in part one, we learned that Nas was far from simply being a lying, cheating dog. He was a calculating manipulator that single-handedly ruined the lives of everyone around him, simply because of his selfish greed to get money. The only person with enough rage to end Nas's wrath was his girlfriend of thirteen years, Tabitha. But at what cost will it be? Taking Nas out would cure her pain, but she didn't realize that while doing so, she was still inflicting more chaos and hurt on herself and her children. Aaliyah finally confessed to Fabe, Nas's brother, that she is just as much in love with him as he has been with her. She finally walked away from unknowingly being Nas's side piece. She has given herself to the man that has been pining for her for over a year. But is it too late? Will Fabe choose her or his loyalty to his brother? Jaleesa and Moses's relationship has been more down than up lately. Jaleesa is beyond tired of his cheating ways as he ignores his responsibility while dream chasing with Nas. Facing a charge that she has gotten because of Moses, she is done with their relationship. But with Moses now pulling through a near death experience, she has a change of heart. She can't see herself walking away from him after praying that he lived to see another day. Is Jaleesa making the right choice, though? Will Jaleesa finally get her happily ever after, or will Moses continue to be more loyal to the streets than he has been to his woman?

Customer Reviews

She took me on unexpected twists and turns. I expected NAS to die and little Nas to to Fabes, I expected Tabitha to get off on all charges and Aaliyah to get caught by Nas lol but happily ever after looks different. I actually liked the way she ended it because it wasn't what expected. I'm a fan of Ms. Watkins and I've read most of her books. I'm so glad she revisited this book and gave us a finale.

All I wanted was, for NAS to get what he deserved!!!! I wanted his muffin cap to get peeled back blue! And for somebody to pin the tail on his ass!!!! And that's exactly what happened !!!! Great read as usual, worth the wait!

I can't remember Everything I 'Originally' said in my 1st review, BUT.....I Did LOVE the two (2) book Series! FINALLY, Moses saw EXACTLY Nas for who he was and he & Jaleesa, got their "Happily ever after" Although I DIDN'T want Tabitha to face the consequences of her actions, regarding Nas-I was Still glad that she had some sense of 'Peace & Happiness', as well with her man & three children. I feel SHE was impacted the most from Nas' disloyalty and dishonesty-13 years of his lies and earth-shattering pain, was too much! Then Fabe stepped up in a Major way for Aaliyah and his, "nephew-son", Nas Jr. He showed her that he was NOTHING like his soulless & heartless brother, Nas. Overall, I Enjoyed the book and Ecstatic that Nas got 40 years in prison, for ALL the damage and chaos he caused in EVERYONE'S life! As the dude in prison let him know.....death was Too easy, for somebody like him. Nas was just wicked, evil, and rotten to the core....he Deserved his punishment.....FINALLY!

This series was on point from the beginning. I love how what was going on in the story could have been about family, my neighbors, or the people down the street. This is how a story is supposed to be written. Even down to the smallest details that eventually resurfaced put the story in a reality state perspective. Most (not all) of these authors need to take note how a story should be delivered. Great plot, great storyline, great character developing, great timeline, and great editing. Nothing over explained, real life relatable situations that keeps you engaged, and toys with your emotions with each of the characters. This was most definitely without a doubt a dope a** read!!

This was great book full of drama. Nas was a conniving, manipulative and greedy son of a b**** that got exactly what he deserves. He did so many wrongs there was no way he was going to get back in anyone good grace. Greed is a hell of a thing. I would want to end up like him. I'm happy for Moses, Jalessa, Tabitha, Jay, Fabe and Aaliyah. It was crazy how the story unfolds. Nas parents are naive and blind to his ways. Poor Essence I hope therapy helps. And does not need deserves to be a father. Overall, love it. Great drama story.

Nas must've had nine lives . He came back with a vengeance, and tried to destroy everything in his way. Tabitha found a heart at the last minute, but she had regrets. Her plan failed, and she was made to suffer because of it. Moses almost lost it all thanks to Nas. Jaleesa was a good woman because she stayed instead of leaving him in the wind. Aaliyah found happiness after heartbreak. Felicia should've had a sign on her head saying dummy. That ending was just what Nas needed to let him know that he wasn't invincible. Ouch

NAS 1 was the very first book I read from Jessica Watkins, it had me so intrigued from the very beginning. Nas was so conniving, didn't care about anyone but himself. I despise him in real life. I didn't like that Tabitha had to serve time but I'm glad that it was reduced, she did what a lot of people wanted to do. I enjoyed reading both books in the series. Very detailed, I was able to picture the different scenes of the story as I was reading. There were a few questions left unanswered, it was well written.

Yay! I'm so glad that N. A. S. got what he deserved. After the way that he treated everyone, he is lucky that he didn't get more than what he got. My girl Karma always comes through in the end. He thought that he was untouchable. I am so happy for Moses and Jalessa. They finally got what was meant for them. Tabitha is my girl. After all that she went through because of Nas, she finally got her

happy ending. Drama from beginning to end makes this a very good read.
