Explore Vietnam, Cambodia & Laos: A Travel Activity Book For Kids (Explore Books) (Volume 1)

Synopsis

What does a Nymph look like? Where is Halong Bay? What is Angkor? How do you spell Hello in Cambodian? Want to see a Wonder of the World? Discover this and more inside. This Activity Book Series takes a fun approach to teaching History, Geography, Social Studies and Language by placing them into a "travel" theme. Explore France & Italy presents different cultures, places, events, and monuments as engaging, interactive activities for kids, ages 6-12. "Playful Learning" is the key. Great for on the road, in the train & in the air, the kids can get familiar with the major landmarks and special places and things in Vietnam, Cambodia & Laos. Engaging the kids in the trip makes for quality family time. Also fitting for the classroom & home-school, or for time well spent away from the TV. There's a great big world out there, Explore It!

This book includes: - Travel Activities: 41 pages filled with 16 different types of cultural activities from dot to dot, language speak & write, mazes, drawing, memory games and more. Most activity books only provide 4-5 different activities, not this series. These activities also bring out the essence of the event, place or thing, letting the reader step deeper into the culture for a better experience. - Teachers Guide: Text explaining the history and origin of each activity is provided, so the learning can go deeper than just the activity itself. History, Geography, Social Studies and fun facts are expanded on here. - Answers Section: Make sure you can get it right & test yourself in the process. Some activities have more than one right answer and originality is encouraged.
