Synopsis

Is this Normal?The Star Cruiser Maidencept continues to encounter problems as its diverse crew struggles to put aside their differences following the aftermath of their first mission. Captain Commander Force Fallon and Second in Command Dr. Amelia Donovan find themselves caught in the middle of one conflict after another. Are these just the headaches that come with a new crew or is there something else at play?But all that must come second when their brand new Star Cruiser experiences mechanical difficulties in deep space. Cut off from any source of assistance from the Inner Corridor of Inhabited Planets, Amelia and her crew must work together to save their crippled ship.This is the worst possible time for the Arcogens, a savage historic race, to attack. But the crew can't spare a minute to curse their bad luck. With limited ability to fight back, every crew member must call on his or her unique talents, skills, and knowledge to battle for their very lives. In the midst of this deadly conflict, enemies become friends, strangers fall in love, and some will make the ultimate sacrifice to ensure this mission continues to its intended conclusion.
