Flora Forager is Bridget Beth Collins: nature lover, painter, writer, Instagrammer, and botanical artist. She forages the materials for her creations from foliage and flowers plucked from the sidewalks, meadows, and woods of her neighborhood.

Looking for a new journal? This is it! The book is filled with the beautiful botanical art of Flora Forager (Bridget Beth Collins) as seen online, in magazines and on television. AND there is still plenty of space to journal on high-quality paper pages. Just what I like... beauty AND practicality!

I think Flora Forager's designs are exceptional and would love to give a million stars. I was not too thrilled with the quality of the paper and feel that her high caliber floral illustrations would be better deserving of a handmade kind of paper and not a cheap one...I hope to see a higher quality version of her printed work soon. Wait, what I mean is that her artwork is EXCEPTIONAL and she needs matching paper quality! I would pay great money to have something like that designed by her. Always inspiring and a breath of fresh air in this world of electronically manipulated imagery...

This journal is so beautiful, each page is stunning. I bought it as a gift for my aunt and had to buy a few more as gifts and one for myself!

This book is stunning! I did a pre-order of this book, and was so surprised with the quality of the artwork, and how the artwork was rarely duplicated throughout the book- even in such a large book.

I think this is a substantial journal, and the price point is great. I bought more to give as gifts! This is such a gorgeous book and I would recommend as a house warming gift, teacher gifts, Mother's Day gifts, etc. Beautiful, beautiful, beautiful!

Beautiful photos, love the creativity of the artist! I preordered and was so excited when my journal arrived this week. Worth the wait!

Wonderful little journal that I can carry with me.

This journal is absolutely beautiful. It is an inspiration each time I open it. The paper is great quality for writing and the lines keep my handwriting neat. Thanks Bridget Beth Collins!

Love her work. So creative. Can't wait for her book to come out later this year.
