Richard Scarry is one of the world's best-loved children's authors EVER! Generations of children all over the world have grown up spending hours pouring over his books filled with all the colorful details of their daily lives. No other illustrator has shown such a lively interest in the words and concepts of early childhood. Whenever he was asked how old he was, Scarry would always put up one hand and laugh, saying, "five!" In his extraordinary career, Richard Scarry illustrated over 150 books, many of which have never been out of print. His books have sold over 100 million copies around the world, and are currently published in over twenty languages. Richard Scarry's son, Huck, carries on his father's work today. Richard Scarry was posthumously awarded a Lifetime Achievement Award from The Society of Illustrators in 2012.

My son loves Richard Scarry (like I did when I was a kid!) so we bough this book as a gift for his

toddler cousin. It was a good size and so cute. There is so much to look at just like the regular sized Scarry books. A classic that is timeless!

My 19 month old has me read this to him every night. He is obsessed with cars. He calls this book "Apple Car". I have since bought more Richard Scarry books as they also remind me of my childhood. Great stuff.

Perfect little book for little hands. Sturdy, thick pages. Well constructed. The pictures and words are great for teaching.

I didn't realize how small it would be, but that is probably my own fault and for the price, I can't complain!

Really cute book, I got it for my two year old nephews birthday, he thought it was great!! Robert's Wife

Very cute tiny book to keep in the diaper bag to give my baby some entertainment every now and then.

PERFECT for the car or doctor's offices. My toddler loves Richard Scarry books and this is no exception.

Cute book. A little small. But fits just right in my nephews hands for him to carry around.
