Georgia And Armenia Travel Reference Map - 1:430,000 (English And French Edition)

Synopsis

This is actually two maps, one of Armenia on one side, and Georgia on the other, but with parts of both intermingled. The sheet has two covers, as is usually the case where two separate maps share space. For that matter, a fair portion of Azerbaijan is included, but the focus of the map is on Georgia, with the other countries being included. This is a very interesting corner of far eastern Europe, nestled to the eastern coastline of the Black Sea and the Caucasus Mountains. Both Georgia and Armenia have rich histories and much to offer visitors in the way of attractions and increasing stability make both countries attractive as a travel destination. The map includes an excellent inset map of Tbilisi, in Georgia, and of Yerevan, in Armenia.
