A+ great product and was everything I expected!

This book is great. It is very easy to follow and understand. I am a 1L student and I find that this book really breaks it down for you. The first case in this book though can be troubling, as it is the hardest case I have read in the book so far. No worries though; the rest of these cases are easy to understand and are actually quite humorous (well, as humorous as law can be lol)

I was worried since the condition was listed as good. Book was PRISTINE maybe 2 highlighter marks. Shipped very fast. Book itself is very helpful and clear. Even had some of the historical context of property law. Not that it really matters though since chances are if you're reading this it's because you need it for class and don't have choice.

Got me an A- in property after a full semester of neither reading nor attending class. HIGHLY recommend.

Book was good for the class.

Even though the school asked for the newer edition. But compared with the new 100 bucks stuff, an older edition with about 7 dollars is a great economical choice. In addition, this used book is in great condition, only a few marks.

good product.....my favorite book

This is a powerful outline for students. However, it may be a little bit old.....it still works when u have no other choices
