Our family loves this book for a special reason. Our daughter and grandson used to look at pictures of Doug with the funny captions and laugh. Was a bonding moment and good memories for them. Our daughter passed away last year suddenly. We are raising our grandson and when he received this book he was beyond excited. This book makes us laugh and keeps our memories alive. Thank you Leslie and Doug. This is a great book to have.

I couldn't contain my excitement for the arrival of this book! As someone who's obsessed with pugs but can't afford to adopt one (for now), this is the next best thing! Each page brings a smile to my face. I've always loved following Doug's adventures on social media; now I can share them with anyone who visits my home since it makes the perfect coffee table book. Doug's book is a must-have for every household, pug owner and pizza lover!

There is no one who can make me smile faster than this wrinkled cutie. He has such an amazing personality and it shows throughout this book. I love looking at his pictures and videos online but it's now ever more amazing to have something tangible to look at. It makes me feel more connected as a fan. It would make a great coffee table book that people would definitely actually want to look at. Leslie his mom does such an amazing job of showing what we all think through Doug. I lost my pug in March and in my darkest days Doug puts a smile on my face. And that's not something I can ever

repay. Buy this book. Your heart and soul will thank you! ÆfÆ Æ Å,Æ â ™Æ â,,ç

What an amazing book! The creativity, effort, and time put into this was amazing! We ordered the book and it came in right away. My staff loved it and clients pick it up to read it and just smile. The joy this book has brought to my professional office has been beyond what I could have expected. Also the quality of the pages, color, and feel of the hardback was above and beyond most books I buy. Doug really is the King in every way!

I absolutely love Doug the Pug and this book chronicles the adventures and the hilarity of this squishy-faced little guy's life. Leslie perfectly captures the thoughts we all have: wanting to stay in on a Friday night and watch Netflix, loving food more than we really should, and needing a good glass (or bottle) of wine at the end of a hard day at work. This is a great book for any dog lover or just anyone who loves a good laugh.

I was so excited to receive my book the first day it was released!! I was very impressed with the number of pictures in the book and how genuine they all felt. Doug is a very special pug and this book expresses his personality to the world! Many of the pictures are situations almost everyone experiences occasionally. Doug shows us how easy it is to laugh at everyday life. That is a gift!

I LOVE this book! I bought it for several people as gifts. I loved it so much that I had to buy it for myself, too! It has made such a great gift and hilarious coffee table book for conversation starters. Mosier has surprised us all with her creative wit and ability to personify her cute little pug, Doug. Way to go Leslie and Doug! When should we expect the next book?!

I cannot get enough of Doug the Pug! I preordered the book and was so excited to get it in the mail the day it was released! The book is so well put together and features my favorite pics of Doug! I know what everyone on my Christmas list is getting this year ;)
