## Customer Reviews

While this is a nice map, it's entirely in German. I had to send it back. It's a shame, because there are no other maps of Cologne really anywhere. It's a small city, so I created my own map by printing it off of Google Maps.

It's a nice map if you only need the central tourist area (primarily around the Cathedral). I expected it to cover much more of the city. It didn't serve my needs and was basically useless for me.
