Customer Reviews

With more than 400 entries and 80 black-and-white photos, this resource explores what many believe are the sources of evil—demons or devils. Demons, as defined here, are lower agents of evil, having many guises and operating under many names with many purposes. The book does a fine job of walking the reader through all the mythology; if readers are looking for a strictly Christian interpretation of demonology, it's not here. Key topics include the types of demons and history of demonology, possession and historical cases, today's demonologists and exorcists, forms and means of confronting demons, and demons in popular culture, different cultures, and many religious traditions. Entries are organized A-Z, and most conclude with a short title list of further reading. Additionally, a concise, unannotated bibliography is included at the end of the work. Guiley is a leading authority and author on numerous paranormal topics and has appeared on TV and radio shows. She feels everyone needs to be informed about demons, and with this title, she wants to open further avenues of inquiry on the subject of the dark side. The work is a thorough reference on an arcane subject and is valuable for its many historical accounts of demons

or devils and their arts. Guiley is sometimes criticized for her lack of skepticism, but she has produced a helpful resource for readers who need an overview. It will be used in public and academic libraries by patrons who are interested in demonology. --Susan Awe --This text refers to the Hardcover edition.

Rosemary Ellen Guiley is a leading expert on the paranormal, and is the author of more than 45 books and hundreds of articles on a wide range of topics. She conducts original field investigations of haunted and mysterious sites, and researches entity contact experiences and spirit communications. Her work has been featured in documentaries and docu-dramas on the History Channel, the Travel Channel, SyFy, the Discovery Channel, A&E, and Animal Planet, as well as independent productions. She is a frequent guest on Coast to Coast AM with George Noory. Guiley is a consulting editor of FATE Magazine and a frequent lecturer across the country. She lives in Connecticut. --This text refers to the Hardcover edition.

It is study literature, and is extremely well written and researched, part of a demonology course. A
10

Everything you need to know about this subject is here! I have all of Rosemary's encyclopedias!
They are wonderful!

Very informative

GREAT READ

This book is a reference of demons. Yes, there is some violence and some sexual content. But it's not pornographic or gory. It's a written document about what people used to think happened in these stories.

Easy to read book that helps better understand demon lore. Easy to understand.

I love it! So many more demons than I remember. More detailed than any other book I have read about this subject. I'll be checking in more of this author's books.

This is an informative study guide
