Customer Reviews

I had the passion of drawing since childhood and this grew stronger and stronger with the passage of time. I used to draw with different tools and grasp more expertise, but I felt that for a long time I could not pay attention to what I can add as a new thing in my skills especially in Anime drawing

and here I got this book that taught me complex things in simple way.

Designing tattoos, helpful.

This is more for a book for JUST beginners... it's would of been better of it had better art and explaining how and where you might mess up and how to fix that.
