Technical Drawing For Engineering Communication

Synopsis

TECHNICAL DRAWING FOR ENGINEERING COMMUNICATION, 7E offers a fresh, modern approach to technical drawing that combines the most current industry standards with up-to-date technologies and software, resulting in a valuable, highly relevant resource you won't want to be without. The book builds on features that made its previous editions so successful: comprehensive coverage of the "total technical drawing experience" that explores both the basic and advanced aspects of engineering and industrial technology and reviews both computer modeling and more traditional methods of technical drawing. Enhancements for the seventh edition include updates based on industry trends and regulations, an all-new chapter on employability skills, and additional content on SolidWorks 3D modeling software for drafting technicians. The end result is a tool that will give you the real-world skills needed for a successful career in CAD, drafting, or design.

Book Information

Hardcover: 896 pages

Publisher: Delmar Cengage Learning; 7 edition (January 1, 2015)

Language: English

ISBN-10: 1285173015

ISBN-13: 978-1285173016

Shipping Weight: 4.6 pounds (View shipping rates and policies)

Average Customer Review: 4.0 out of 5 stars 1 customer review

Best Sellers Rank: #58,917 in Books (See Top 100 in Books) #17 in Books > Engineering & Transportation > Engineering > Mechanical > Drafting & Mechanical Drawing #65 in Books > Reference > Writing, Research & Publishing Guides > Writing > Technical #90 in Books > Arts & Photography > Architecture > Drafting & Presentation

Customer Reviews

Dr. David Goetsch is a member of the American Management Association, the Florida Association of Community Colleges, and the American Society for Quality. He is a past recipient of the U.S. Secretary of Education's Award for Outstanding Technical Program in the United States and the Outstanding Technical Educator Award in Florida. Dr. Goetsch is currently Vice President and Professor Emeritus at Northwest Florida State College. Ray Rickman is a professor of Drafting and Design and Chair of the Industry and Technology Department at Northwest Florida State College.

First time renter so far so good. Curious on how smoothly the return will go.
